Projects

Computers Shop :
- A template with only HTML and CSS. It is a company's website used for selling computers and laptops.

Derbali_E-Commerce_Shop :
- An e-commerce website using MongoDB, Express js, React, node js, and Tailwind CSS as a Framework.

Responsive Blog App :
- Responsive MERN Stack App with React, Node.JS, Express JS MongoDB, JWT Authentication and File Upload.

Personal Portfolio :
- Simple Portfolio using HTML, CSS and JavaScript. You can find out a lot about CSS from this responsive portfolio, which also has a functional contact section that allows employers to email you.

Simple Blog :
- Build a MERN CRUD APP (backend server), using MongoDB, Mongoose, and JWT authentication.

Responsive Portfolio :
- A fully functioning personal portfolio website (MERN Stack) using Next.js 14 and CSS 3.

Simple Responsive Portfolio :
- Responsive personal portfolio using HTML, CSS, and JavaScript.
